Angel House Project

7th—27th August

Angel House is a home for children with Cerebral Palsy. It began eight years ago by the principal who herself has a child with Cerebral Palsy. The school receives no government funding and is working for eternal results by sharing the love of Jesus. The current building is not specific to the needs of the children and has steps in places making it difficult for the children with limited mobility. MMM will renovate the building to better meet the needs of the children.
