**MMM International Alliance Board,
National Directors and Board Chairmen's**

The meetings of the National Leaders of MMM and the MMM International Board held in Hong Kong in early October were a great encouragement. Leaders of the MMM Centres in Australia, New Zealand and Zambia joined with those from Hong Kong for two days of training and a one day leaders meeting. The International Board then met for a two day meeting.

International Director Graham Young said, "One of the things that again was clear is the uniqueness of each MMM centre. Each one fitting into their cultural situation and providing Christian ministries with new and renovated buildings and staff

training. As we work together and support each other we are encouraged to see God's work provided for and needy people reached with the gospel".

"The International Board seeks to support each MMM Centre with guidance, training and resources to see the work to develop into additional regions as God provides the opportunities, people and finance".

The next MMM National Leaders meeting is planned for Africa in 2012.
