

We are building God's Kingdom

"According to the grace of God given to me, like a skilled master builder I laid a foundation, and someone else is building upon it. Let each one take care how he builds upon it." 1 Cor 3:10

When I told my friends that I had started working with MMMHK, many asked what MMMHK was and did. Some asked about how MMMHK did mission. Then I would patiently explain to them the vision and purpose of MMM.

In the scripture above, Paul described himself as a skilled master builder. He founded the foundation and let other build on it. Paul traveled to many places in his mission trips. He built a church, elected bishops or elders, and moved on to other places. These elders or bishops would carry on the building of the church. Paul then repeated the process in other places.

MMMHK is willing to assist mission organizations and churches in renovation of their premises. We build or renovate their premises so that they have good facilities to develop their ministry and spread the good news to many. With regards to building and renovation, MMMHK is like a skilled master builder. Our professional staffs and volunteers are also willing to assist these organizations to build a good foundation.

I thank God for leading me to join MMMHK. We are participating in the building of the kingdom of God. God's kingdom is enormous. We need different partners to work with us.

Simon Kwok
National Director

Report of International Conference

Andrew Wong
Chairman of the board

I represented MMMHK at MMM International Conference in South Africa in July. After the conference, I joined the Zambia MAT for a week.

The International Conference was held at Durban. We had introduction of new board members, leadership training, IT courses. But the most important event was the introduction of new International Director, Mr Dustin White. Graham Young, our International Director, resigned in October. Dr. Annette Hill, the chairperson of MMM International Alliance, and Graham shared about how Dustin was appointed among hundreds of applicants.

Dustin, who is 40 years old, is a missionary from the State. He and his family moved to Cambodia 11 years ago. He had two daughters and one son. He is planting churches and his wife works with an International school.

Many of his friends in the State love to do volunteer jobs. He hopes introduce MMM to his Christian friends in the State and that many will join MMM projects in the future.

Dustin and Graham came to Hong Kong in Oct. The board members, staffs and volunteers had a good time with them. We look forward to working together more in the future.
