Simon got a bachelor degree in Electrical Engineering in Canada. He worked as an Engineer for a few years. He became a high school teacher after he graduated from China Graduate School of Theology. Then God called him and his family to Mongolia and Inner Mongolia as missionaries. They served for eight years.

Simon is grateful to the faithfulness and the guidance of God for him and his family. He believes that God called him to join MMMHK. Let us keep supporting and lifting him up.

## Praise and Pray

- 1. We have been praying for a new office and a dormitory for our staffs. The rental contract of a friend's office was about to expire. We visited the office and found it convenient and spatial. We are trying to contact the landlord and wish to sign a rental contract with him with good terms. Furthermore, a Christian friend has an apartment which needs renovation but she does not have much fund. If we can come to an agreement with her, we are willing to help. Hopefully, we can help her and the apartment can be used as our dormitory for staffs. Please keep praying for the outcomes.
- 2. Ask God to bless those who went hiking on the New Year Day and the participants of ET.
- 3. We thank Glen Lukey for his faithful service. He and his family will return to the Philippines at the end of April. We wish they will return soon
- 4. The renovation of the new office of SEND International was finished. The ceremony of dedication of the office was also held. Ask God to bless their ministry and more workers will be sent out to harvest.
- 5. Let us keep asking God to bring the right person to work full time at the office.
- 6. We have some enquires locally and overseas. Since Eric Lee will be the only staff in the work team from May onwards, ask God to give us wisdom as we plan. Pray also that we have volunteers help us out. Ask God to lead the right persons to join us.
- 7. Please lift Simon up as he serves. May God grant him faith, wisdom and power to serve.
